

# So you want to be a Doctor?

## THE TEST

One of the first things you have to do in the application process is take a special exam called an aptitude test which is completed online. The test is called UCAT which stands for the University and Colleges Aptitude Test.

## TIME AND QUESTIONS

It is two hours long and contains 233 questions. This gives you, on average, 30 seconds per question.

## There are five sections, each with different time limits

	Section	Questions	Timing	Scoring
1	Verbal reasoning	44	22 minutes	300-900
2	Decision making	29	32 minutes	300-900
3	Quantitative reasoning	36	25 minutes	300-900
4	Abstract reasoning	55	14 minutes	300-900
5	Situational judgement	69	27 minutes	Band 1-4

## SCORING

Your scores from the first four sections are added together. The average scores are:

Verbal: 570  
Decision: 647  
Quantitative: 695  
Abstract: 629  
Total = 2541

100%

## PASS OR FAIL

There is no pass score. Individual Uni's use the score along side other factors for admissions e.g. academic / UCAS scores.

Check out this site to see how Uni's use UCAT scores
