# Abstract Reasoning Answers
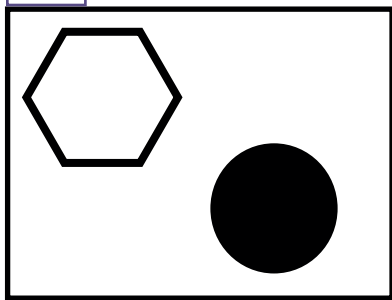

Set 1

Set 2

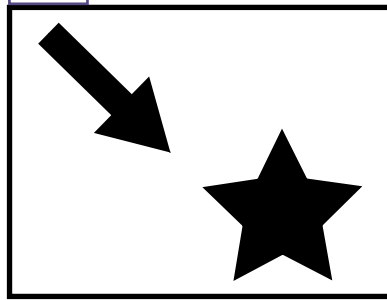

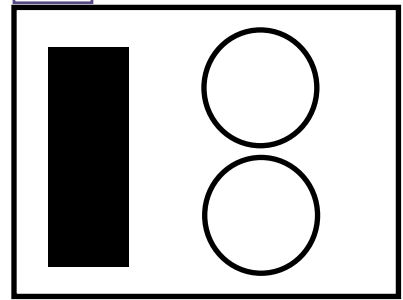

A

Set 1 ☐
Set 2 ■
Neither ☐

B

Set 1 ■
Set 2 ☐
Neither ☐

C

Set 1 ☐
Set 2 ■
Neither ☐

This is a complex pattern. In both sets, there is at least two shapes. In Set A, the shapes are arranged from top to bottom in order of increasing number of sides; where two shapes have the same number of sides, they are adjacent to one another. Similarly, in Set B, the shapes are arranged in order of decreasing number of sides from left to right.
