Sciences, Biology
and/or PE. Typically A
grades, some allow B's

Discover where you can
study physiotherapy here:
<https://www.healthcareers.nhs.uk/career-planning/course-finder>

NHS accredited
Physiotherapy
BSc degree (3 years)

Register with
Health
Professions
Council (HPC) as
a Physio

Top Tip!

Always check the
University Course Entry
Requirements for the
University you want to
attend!

2 year accelerated
Physiotherapy
masters degree
(MSc)

An MSc is a masters. It is a post graduate
course that you can study after any degree.
It's the next level up!

Alternative route
- 5 years at uni

Already got a science
related degree?
E.g. Physiology or
Medical Science
(3 years)

Previous degree
results 1st (top
grade) or 2:1 (next
grade down)

Socials for more science!
