Tom's Heart!

Careers Posters, Videos, Magazines & More!

You can access a whole year's worth of careers posters to download, print and put on your own Career of the Week board. There's careers graphics to use on your school's social media, dozens of episodes of MMTV, PDF magazines and even a series of X-Rays to download and use in class!

Got a Budget?

Live Stream Shows & Talks

In March we run a series of interactive live stream shows, assemblies and talks as part of British Science Week and National Careers Week. You can join them live or watch the recordings.

Budget Range: £99 to £195 + VAT

Online Hub - Medical Mavericks Academy

If you're looking for support with Virtual Work Experience for KS3 & KS4 or have students that want to work in the NHS, the Medical Mavericks Academy is a one stop hub for interviews with real medical professionals and support for medical school & university applications.

Budget Range: £995 + VAT

Careers in Health Workshop

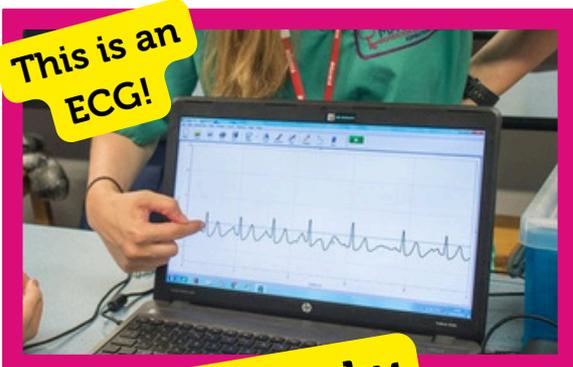

We can also bring a REAL hospital to your school for your pupils to experience using real medical kit in the classroom. From ultrasounds to ECGs to keyhole surgery! Available throughout the year, but check out April & May offers for Secondary Schools!

Budget Range: £1,295 to £1,895 + VAT

medicalmavericks.co.uk/teachers

Also Supports T-Levels!

This is an ECG!
